

Joint Service Projects Activity during Seminar Period June 05

The Joint Service Projects is sponsoring an activity during the Seminar period before the Yearly Meeting convenes.

Seminar 6: IMYM-AFSC Joint Service Projects - Mike Gray (JSP coordinator).

Monday and Tuesday ALL DAY (includes lunch), and Wednesday HALF DAY.

The IMYM-AFSC Joint Service Projects will offer an experiential journey through the history of cultures in Northern New Mexico, beginning in pre-Columbian times. Through this, we hope to be able to explore the philosophical basis for the work that the AFSC does in the area today. There will be opportunities for service and exploration during this fast-paced tour of Northern New Mexico.

This seminar will be intergenerational as always, but with lowered age boundaries to accommodate Junior Young Friends (12years and up).

Numbers may have to be limited to 23.

For information contact: Mike Grey at afsc-imym-jsp@att.net
