

Proposed AHYM Website Policies

The main purposes of the AHYM web site is to facilitate communication of information relating to the business of AHYM to Friends, and to document the proceedings at the semi-annual gathering. This may be amended or supplemented if AHYM deems it useful in the future.

The AHYM website is currently a page on the IMYM website.

Access to curate the AHYM website will be given to the Clerk of AHYM, a member of the Continuing Committee (selected by that committee), and others designated by those two as they deem necessary. *This may include Recording Clerk, Registrar, Treasurer, committee conveners, website gurus, etc. at their discretion.*

Documents to be posted to the website will include minutes from the semi-annual gatherings, memorial minutes, committee reports and supporting documents, registration documents, and other things deemed appropriate by those curating the website. These documents should normally be PDF files.

It is suggested that documents are to be kept on the website indefinitely. Curators of the website are requested to move documents from the current proceedings section to an archive section of the website periodically.

This website is intended to serve the needs of the AHYM community. If in the future it is determined that different formats or policies would better help Friends walk in the Light, those changes are welcomed with joy.
